Meeting Rooms

Event Exeter has an extensive selection of meeting rooms offering varying capacities and layouts. Comprehensive Audio Visual and IT resources are available throughout, with on-site technicians available and

most areas offering free Wi-Fi access. Our venues are ideal for study groups or informal group gatherings and are set amongst the green back-drop of the Streatham campus.

Grounds

The University of Exeter's Streatham campus is acknowledged as one of the most beautiful and botanically interesting of any UK university. The university grounds have retained a Green Flag status for the past 2 years

and are ranked among the best parks and green spaces in the country. Our grounds are well-maintained and well-managed, with a self-guided tour available.

Sport

We have excellent sports facilities both on and off campus. The Streatham Campus Sports Park underwent an £8million redevelopment project in 2012, adding to the already extensive sporting facilities to include:

- Six covered all-weather outdoor tennis/netball courts
- Developments making Exeter Tennis Centre one of the largest of its kind in the UK
- A resurfaced Olympic standard, water-based hockey pitch
- A new 3g rubber crumb multi use games area

Future plans for further development are already underway. Facilities can either be used on a casual basis or pre-booked to meet your requirements (groups of 15 or more people must pre-book). Our event co-ordinators will be happy to work with you to create a package ideal for your needs.

Sports Tours

The combination of the fantastic sports facilities and on site accommodation makes Exeter the ideal location for a sports tour. Working in collaboration with Exeter Sport, we are able to offer facilities to suit you, whether you are a professional team, social team, youth team or school group. We can also offer you that something extra, whether it's a clip n' climb experience, paintballing, Science and Performance testing or Physio support – we can create a package suitable for your needs and budget.
