## University of Exeter Employment Awards 2024

# INTRODUCTION

The University of Exeter Employment Awards celebrate the achievements of students who are employed alongside their studies, and recent graduates undertaking full-time work in the local business community. The awards provide formal recognition of the hard work, commitment and time management skills required to attain academic success and take active steps towards enhancing employability skills and preparing for a future career.

The awards also celebrate the employers who are supporting students and graduates during the early stages of their careers, recognising the invaluable opportunities for growth and development they provide.

# INTRODUCING OUR SPONSORS

We are delighted to have the support of local and national organisations including our four returning sponsors for 2024. Our award partners have supported the growth of the awards since they were reimagined in 2023 which means more students, graduates, and employers are being recognised.

# About the Award Trophies

**Nina Perrott** has been working in glass for 19 years and is a proud member of the Guild of Master Craftsman. She is a sought after stained glass artist - working across Stained Glass, Leaded Lights, copper foil technique, glass painting and restoration work.

One of the best in the UK, Nina still finds working with the medium of glass fascinating and exciting as this highly skilled trade enables her to work with light and colour to create unique works of creative art that can last 500 years.

Her contemporary approach to detailing and composition, when combined with this centuries old heritage skill made her an ideal choice for the University of Exeter Employment Awards design.

You can contact Nina Perrott for commissions, restorations and courses [www.clearsandsstainedglass.com](http://www.clearsandsstainedglass.com)  
Available on most social media sites under Clearsands Stained Glass.
