

Participatory Methods for Understanding the Social Impact(s) of Community Engagement

The templates included in this document were co-designed during an Arts and Humanities Research Council (AHRC) Impact Accelerator Account (IAA) project (2023-2024). The project funded knowledge exchange between the University of Exeter's Social Innovation Group and Cornwall Wildlife Trust. M-A-P Digital Projects contributed to project design and production.

The source of these templates should be acknowledged if they are adopted for use and/or other tools are developed based on them. The templates can be referred to as the: University of Exeter-Cornwall Wildlife Trust Social Impact Tool 2024 (UC-SIT 2024). Any queries should be directed at the project's Knowledge Exchange Fellow:
