

## Sports and Health Sciences (SHS)

SHS consistently ranks amongst the best Sport Science departments in the world, for both teaching and research. Their main research areas are Children's Health and Exercise, Integrative Physiology, Human Movement Science and Physical Activity and Health across the Life Span.

**Jamie Blackwell**  
**SHS Lab Manager**  
Specialises in: HPLC  
Immuno-  
histochemistry,  
Mitochondrial  
bioenergetics  
and much more.

**Luke Connolly**  
**Assistant Lab Manager**  
Luke facilitates  
learning for our  
students, specialising  
in biomechanics and  
human physiology.

**Mike Cooke**  
**Laboratory  
Assistant**  
Mike is new to our  
team, and has a  
biomedical  
background.

One of our high-tech teaching  
labs, The Richards Building

LSRC Teaching Suite

## University of Exeter Medical School (UEMS) Research

UEMS is home to the Institute of Biomedical and Clinical Science (IBCS) and has an excellent research reputation. Research topics here range from endothelial cell biology, the immunology of autoimmune diseases and cancer research, to the role of hydrogen sulfide and nitric oxide in disease pathologies such as diabetes.

UEMS Research Lab

X-ray room, Medical Imaging

## Graduate School of Education

These labs are situated in the historic North Cloisters Building. The large laboratory suite is equipped for general science teaching for PGCE, School Direct and Teach First programmes. The lab suite is also used to host sessions for primary school pupils who are on the Gifted and Talented Program.

**David Childs**  
**Unit of Activity Manager, St Luke's Campus**  
David is responsible for coordinating and  
advising all technical staff at St Luke's.

## Life Sciences Resource Centre (LSRC)

The LSRC is designated for teaching our BMBS, Medical Sciences and Medical imaging students. It is filled with fantastic teaching resources such as anatomy models, laptops and the latest textbooks. This space is perfect for teaching, as well as providing a space for independent learning. Our technicians are ably supported by Chris Gillman our LSRC assistant.

**Sam Bailey**  
**Laboratory Manager (Teaching)**  
Sam splits his time facilitating **SHS**  
and the **LSRC teaching**, supporting  
students and teaching staff alike.

**Nicki Woolner**  
**LSRC Technician**  
Nicki, "I support teaching  
and learning activities in  
the LSRC".

## Medical Imaging

The University of Exeter is the only top 10 UK institution to offer an undergraduate degree in diagnostic radiography. The all new purpose-built Medical Imaging labs opened in 2015, offering students and researchers excellent facilities such as a fully functional diagnostic X-ray room, two ultrasound machines, and a resolution and Doppler string phantom.

**Chris Smith**  
**Assistant Lab Manager**  
Chris is responsible for the  
Graduate School of  
Education labs, a place  
which is always a hub of  
activity.

**Kirstie Parnell**  
**Laboratory Manager**  
Kirstie is responsible for  
managing the IBCS  
Research and Teaching  
labs, as well as  
overseeing support for  
the new Medical  
Imaging Suite.

**Georgie Hudson**  
**Laboratory Assistant  
(GBP)**  
"As an intern, I support  
many of St Luke's labs  
such as: UEMS, SHS,  
LSRC and Medical  
Imaging".
